## BLAME GIRL IN TRAGIC CRASH ON GOOD FRIDAY

Blame for the Good Friday accidental deaths of three persons near Cross Keys was placed by a coroner's jury Friday afternoon on 19-year-old Angela Staub, of New Oxford, driver of one of the cars involved.

The same verdict found no evidence of negligence on the part of the Rev. Calvin H. Cole, Gardner R. 2, the other driver who lost three members of his family in the tragedy.

State police said they will charge Miss Staub with involuntary manslaughter in the three deaths. The information probably will be filed today before a Gettysburg justice of the peace.

Victims of the accident were: Mr. and Mrs. Thomas F. Cole, near Reisterstown, Md., parents of the Rev. Mr. Cole, and the latter's two-year-old son, Russell Thomas Cole, who was riding on his grandfather's lap when the cars crashed. Both died instantly. Mrs. Cole died a half hour later in the Hanover Hospital.

### DOES NOT TESTIFY

Miss Staub attended the inquest with her attorney, H. Thomas Pyle, but exercised her right to silence and refused to testify. Consequently when Mr. Pyle asked a question he was cut off short by Dr. Chester G. Crist, Adams County coroner, who was conducting the inquest in the courthouse here.

"You can't ask questions," Dr. Crist declared. Pyle asked if the "defendant" did not have a right to cross examine witnesses and Dr. Crist replied: "Put your client on the stand and you can ask all the questions you want. That's my ruling."

A statement by Miss Staub was read into the inquest testimony, however, by State Trooper John Straska, who investigated the accident. He said the statement was given him by Miss Staub in the Hanover Hospital the day after the crash.

## WILL RECORD PROGRESS OF JC CAMPAIGN

The names of 92 local merchants participating in "Campaign Gettysburg" were placed Friday on a 6 x 16 foot white "bulletin board" on Lincoln Square which will detail during the summer progress of the campaign to restore the town's historic image.

For about 15 of the participating merchants, the sign shows they have completed work on remodeling the fronts of their buildings. For approximately 20 others the sign shows work is in progress. For the remainder the red markers which depict the progress of work rest in the listing "not yet started."

Members of the Junior Chamber of Commerce said the colonial styled bulletin board is designed to acquaint the public with the progress of the work, and give an opportunity for the public to watch the construction as it goes on through the summer. The hope of the Jaycees is that all of the work will be completed this summer.

Donald Becker of the general committee for Campaign Gettysburg said that there is space for 120 names on the board and expressed the hope that additional store and home owners will "sign up" for the campaign.

Advertisements are to start next week in The Gettysburg Times showing some structures that have been completed to permit the public to view the changes, while the listing of the work in progress will permit persons to visit the site as work goes on.

The Rev. Donald L. Harper, pastor, explained this plan is the denominational program which must be placed in effect by 1963 in all churches under which all the women in the local churches are combined into one organization, with present existing groups becoming committees or circles while working with the mission program. Plans were made for the coming months and it was decided to invite the WSWS of Centenary EUB Church, Biglerville, to attend the September meeting. The possibility of some type of ministry to the migrant worker was discussed and tabled for additional information. Plans were discussed to increase the subscriptions to the magazine "The Evangelist" and it was suggested that a year's free subscription be given to each new member. The pastor announced his intention to begin a program of children's sermons once a month at the morning worship service, that day to be designated as "Family Worship Sunday" with emphasis on having families worship together. Seven members were present at the meeting and refreshments were served at the close.

## CONSULTANT TO BE CALLED IN ESTES CASE

WASHINGTON (AP) — A House subcommittee plans to call next week a consultant who warned Commercial Solvents Corp. in 1960 that the company's deal with Billie Sol Estes "has within it the seeds of self destruction."

These seeds of self destruction, wrote James A. McConnell, are "Billie's tremendous desire for money, power and prestige. Billie may some day become unmanageable."

McConnell sent his warning to Maynard C. Wheeler, Commercial Solvents' president, who completed three days of testimony Friday before the subcommittee. McConnell formerly headed the Department of Agriculture's surplus grain organization under the Eisenhower administration. He resigned to become a director and consultant of Commercial Solvents.

The man who took his place in the department, Walter C. Berger, also resigned when the Kennedy administration took over. He became a director of the company which supplied the credit for Estes' huge dealings in liquid fertilizer in West Texas. Berger may testify later.

Wheeler and other company officials said they had no inkling Estes was in any kind of financial trouble until he was arrested last March.

In El Paso, Tex., Friday Billie Sol told a courtroom packed with his creditors just how far in the red he is.

Estes estimated he was \$17.5 million in debt but offered a plan to pay off, with perhaps a little left over to give to 4-H Club farm youths.

## BLAME GIRL IN

(Continued From Page 1)

Bob Chronister (who was not further identified) at Cross Keys and he had jumped in his white Ford convertible and had headed for Hanover. She got in her car and gave chase. She was quoted as saying she "lost control" of her car "trying to catch up with Bob. I guess I was upset and was just going too fast."

Testimony showed the girl's car, headed toward Hanover, ran off the right side of the road after going over the crest of Red Hill, four miles north of Hanover on the Cross Keys Rd., struck a guard rail and then veered across the highway and struck the front of the Cole machine.

The Rev. Mr. Cole had gone to his parents' home in Maryland with his two sons to bring the elder Mr. and Mrs. Cole to his Gardner R. D. home for the Easter weekend.

### NO NEGLIGENCE

After an hour of testimony, the coroner's jury wrote: "We find no evidence of negligence on the part of the Rev. Mr. Cole. We believe the accident was due entirely to the operation of the Staub auto which crossed the highway, apparently completely out of control, and struck the Cole car in its northbound lane of the highway."

State police told a Gettysburg Times reporter after the inquest that Miss Staub pleaded guilty to a reckless driving charge after the accident and paid a fine before Justice of the Peace Elizabeth Zinn, Berwick Twp.

Five witnesses testified. The first was Trooper Straka and he was recalled later to read statements of persons involved and witnesses. Straka showed the jury a number of photos of the scene and the wrecked machine.

### TELLS OF ACCIDENT

The Rev. Mr. Cole took the stand and estimated his own speed at 45 to 50 miles per hour. He said he saw the Staub car come over the hill crest ahead, run off the road and veer across toward his car. Moments later he was tossed out of the car and into a field, two of his passengers were dead and in a half hour a third had died and his car was demolished.

He recalled saying "watch that car" and then "look out" as the "hood of the Staub car" came up before him.

The minister, who has not been able to resume his preaching duties, had an arm broken, his jaws were shattered and then rebuilt. He was in the hospital until May 1 and with his jaws locked had been on a liquid diet for seven weeks. He talked with difficulty on the stand.

He told the jury he had seen Miss Staub for the first time at the inquest. The Rev. Mr. Cole was represented Friday by Atty. Eugene Hartman who took part in the questioning of witnesses.

Mr. and Mrs. Richard Huffrage, New Oxford, who were just behind the Cole car, described the course of the swerving Staub machine. John Feeser, Hanover, who was just ahead of the Cole car after having passed Cole a few minutes earlier, gave a similar version of the crash which he watched in his mirror through "a cloud of smoke and dust."

Trooper Straka said 5-year-old Calvin Cole Jr. had been sleeping on the rear seat of the car where his grandmother rode. He described 45-foot skid marks made by the Staub car as it swerved across the highway and slammed into the Cole car, turning it about.

Members of the coroner's jury included: Mrs. Elizabeth Bollinger, Mrs. Ethel Crist, Richard Schultz, Clair Sanders, Harold Ecker and Hugh C. McIlhenny, the foreman.

## PRO-WESTERN PREMIER QUILTS

SEOUL (AP) — Pro-Western Premier Song Yo-Chan quit his post today and South Korea's military government announced the resignation has been accepted.

## MERIT SYSTEM OUTLINED FOR POSTMASTERS

Reporting a "good beginning" for the new approach to Post Office Department personnel and problems under the Kennedy administration, James J. Lapenta Jr., member of the board of appeals and review of the Post Office Department, in a convention address before the postmasters here Friday morning said:

"We believe that our working and workable merit promotion system is important in itself but we know that the President's determination to make career government service a rewarding profession is even more important."

"We believe that our vast implementation of the President's executive order on employee-management relations is a major step forward for each of our employee organizations," he said as he made reference to the revelation of a "philosophy completely new to the postal service."

The three key thoughts which have "permeated the entire new approach to the men and women of the post office which has suffused this administration" were summarized this way by the speaker: "President Kennedy made it abundantly clear that he wanted a postal service run with the best of business practices but in the interest of the best in public service. The postmaster general made it clear he was not appointed to preside over an aggregation of machines but rather fully utilize the talents and dedication of our thousands of employees and the open door policy for our employee groups . . . moving in some areas into cooperative management was the unanimous product of the experience we all had within and without government."

He discussed the "honesty selfish" policies of the postal employees and noted: "We are in the process of conducting the first and biggest employee bargaining executive order." He concluded: "Our half million employees, properly recognized, adequately paid and sincerely motivated by the knowledge that they can and will advance in the service, can give this country the world's best postal service."

## BELIEVE SLAIN ACTRESS KNEW HER ASSAILANT

TOMS RIVER, N.J. (AP)—The mystery of who killed Phyllis Ann Jones remained unsolved today as investigators continued to piece together scraps of information.

Although police had apprehended no suspect, the dead girl's father, Arch Jones, said he was convinced the attractive, 24-year-old aspiring actress had known her killer.

Jones said his daughter was proficient in judo and, though small, could defend herself unless struck from the rear. "She could easily throw her brother, Richard, who is 6-feet-3 inches," Jones said. "She was only slightly built, but she knew how to handle herself and how to use leverage. It must have been someone she knew. Only someone she knew could get up close to her to hit her if she were alone on that beach."

### BODY BLOODLESS

Miss Jones was last seen alive on a beach at Barnegat Light, Long Beach Island, last Saturday.

Her body was found on a carpet of pine needles in a gravel pit about 14 miles southwest of here Sunday night.

At a news conference Friday, authorities said there were few bloodstains in the area and the body was almost bloodless, indicating the victim had lost a great quantity of blood elsewhere.

There also were indications that Miss Jones of West Norriton, Pa., was alive at the time she was dumped in the pit.

"The pit had been burned out, leaving portions of it black," said Ocean County Prosecutor William Huber. "The soles of her feet were black, indicating she had put up a struggle after being dumped."

The girl, clad only in a bathing suit with her hands bound behind her with a halter strap, apparently had struggled to a sitting position at one time, according to Detective Lt. William Kennedy, who is in charge of the investigation.

Police said Miss Jones was smothered or strangled. It was first reported she had been beaten to death.

Miss Jones was buried Thursday in Waverly, Pa.

ing up the control installations of the Darguina Dam, a major supplier of power for Algiers. Officials said repairs would take 8 to 10 months.

In Side Bel Abbes, historic home of the French Foreign Legion, six grade schools and a high school were burned.

Europeans fleeing the territory by the thousands heeded Secret Army orders to burn everything that might be of use to the Moslems. Stores and office buildings were burned to the ground in scattered parts of Algiers. Automobiles were set afire in the streets where they were abandoned. Even household furniture went up in smoke.

Secret Army commandos armed with automatic weapons attacked a police encampment in Oran, wounding six persons. Other terrorist attacks killed four persons there.

David G. Miller, Waynesboro, paid a fine of \$15 and costs on a charge of reckless driving.

Charles E. Wagaman, Waynesboro R. 4, paid a fine of \$25 and costs on a charge of permitting an unlicensed operator to drive his auto.

Ten-day notices were sent to Wayne H. Rhodes, Gettysburg R. 2, defective muffler; Robert LeRoy Swisher, Iron Springs, using a temporary registration plate beyond the 29-day period and not permanently destroying the plate after 20 days; and Glenn William Riley, Hanover, driving on the wrong side of the highway.

for the third section. The new section on which bids were opened Friday calls for two 12-foot lanes, southbound only, and two bridge structures.

### LOCAL CONCERN LOW

The work calls for construction of only two lanes of the eventual four-lane highway.

Engineers of the state Highway Department have indicated that plans for extension of the bypass from Shriver's Corners to Dillsburg, tying in the York Springs bypass, will not get underway for some years.

The opening of bids at Harrisburg Friday showed a local concern the low bidder for a bridge replacement in Huntingdon County, Sanders Construction Co., Gettysburg, bid \$77,625 for 0.27 mile of road work in Clay Twp., Huntingdon County, between Three Springs and Hustontown, involving replacement of a substandard bridge over Great Trough Creek.

A military communique today reported Communist ground fire downed a government T28 plane on a bombing mission Wednesday in Quang Nam province, about 360 miles northeast of Saigon. The pilot was killed.

### MOTORISTS FACE CHARGES

Charges on motor vehicle violations were filed before Justice of the Peace Dayne E. Garrett by Hanover police this week against the following: Mary T. Rebert, East Berlin R. 2, failure to stop at a red signal light; Ronald A. Cogar, Gettysburg R. 1, operating a motor vehicle without a proper operator's license.

## CAR RUNS WILD, HITS 8 OTHERS

LANSDALE, Pa. (AP)—A woman whose car ran out of control for four blocks on Main St. and hit eight other cars has told police the gas pedal was jammed.

Mrs. Nancy K. Currie, 28, of nearby Maple Glen, the driver, her son, Brad, 8, and two others were injured Friday when the car smashed head on into another moving car and caught fire.

She also told police she was unable to disengage the gears of the 1962 sedan, a standard-shift model purchased the day before.

Police said at least one car drove onto the sidewalk as the Currie auto raced through the busy street. A policeman directing traffic barely leaped to safety.

They said it ran a red light, sideswiped parked cars on both sides of the street and rammed the rear of a pickup truck before the head-on collision. A policeman put out the fire in the engine with a hand extinguisher.

### SPLIT ON UNION

A division of opinion on whether the league and the National Association of Postmasters should merge appeared during discussion on the floor Friday afternoon.

Anthony I. Lambert, Philadelphia, said: "The time has come for the two postmasters' organizations to consider consolidating. There is no reason why we should have two organizations. I know there are problems and commitments that must be overcome, but now is the time to work toward consolidation. Most of us will go from this meeting to the state convention of the other postmasters' organization. There was a separation 40 years ago and today nobody knows why there are two groups. The will of the majority of the postmasters I believe is that there should be just one organization. Two days ago Maryland joined the state conventions calling for merger of the National League of Postmasters and the National Association of Postmasters. They joined a long list of state units of the organizations who have so voted. It is time the national officers obey the will of the majority of the members."

William T. Vaughn, national president of the National League of Postmasters, noted, "Pennsylvania has always been foremost in supporting me and I appreciate it, but I was not elected president of the National League of Postmasters to officiate over its dissolution as Churchill said of the British empire."

21 TO 12

Lambert explained he was not talking about the present, but the future, and suggested as a method of consolidation the election of Vaughn as president of both organizations. Vaughn said he appreciated the honor but didn't want the job.

When numerous "nays" were heard on a vote that Pennsylvania branch go on record as urging the national organization to "explore the possibility of consolidation," a standing vote was taken. With many of those present abstaining from the vote, the final count was 21 in favor of urging the national organization to "explore" unification and 12 against such action.

WANT 40-HOUR LIMIT

A resolution was passed urging that "postmasters should not be required to be on duty more than eight hours per day or more than 40 hours a week." Some discussion was conducted on whether the resolution should specifically state that the hours did not pertain to fourth class postmasters, but general agreement was that the setting of a maximum, if adopted, would not force those now working less than 40 hours to put in that much time.

Retiring President Hart noted that "most fourth class postmasters have their post offices in stores and put in a 70-hour week anyway."

By resolution the group voted to change the constitution of the Pennsylvania branch to conform with the constitutional provisions of the national organization.

PLEDGE COURTESY

Other resolutions passed by the postmasters urged that money order fees be credited as postal receipts; asked that the pensions paid by the U. S. to its employees, including Civil Service annuities, be exempt from federal tax; asked that upon retirement employees be "granted a lump cash payment or credit added to retirement annuity" for unused or accumulated sick leave; urged increase in the amount of government life insurance available to federal employees on retirement; urged that fourth class offices be granted 10-day Christmas assistance allowance if requested by the postmaster, and urged permission for postmasters to transfer or elevate to any other post office vacancy.

One resolution stated: "We pledge ourselves to be more courteous and helpful to our patrons, thereby setting an example to the employees. We should always keep in mind that we are working for our patrons."

## BLIND BOY GETS SCOUT AWARD

Kenneth Gallagher, 16-year-old son of Mr. and Mrs. Albert Gallagher, Abbottstown R. 1, a student at Overbrook School for the Blind, was presented with his Eagle award at Boy Scout ceremonies in Philadelphia.

He also was selected to recite the pledge of allegiance for the Flag Day ceremonies Thursday at Independence Square, Philadelphia.

The Scout ceremonies were held at Irvine auditorium, in that city. When Gallagher's name was called at the ceremonies, he walked unaided to the center of the stage. His father pinned the badge on his son's uniform.

Gallagher entered the school at the age of seven. During the four years as a Scout, he passed numerous tests and acquired numerous skills. Among them is developing and enlarging of pictures in photography. He also learned to ride a bicycle and has an American Red Cross certificate in life saving.

His sister, Shirley, who is 18, also is a student at Overbrook. Mrs. Gallagher also attended the Scout ceremonies.

**Welcome General Eisenhower**  
General Dwight D. Eisenhower played host to several hundred Pennsylvania delegates, officials, guests and scores of newsmen, photographers and radio folk at his 189-acre Cumberland Township farm "Dega" preparatory to a more formal question-and-answer session with the delegates this afternoon on the farm home lawn. A crowd estimated at more than 5,000 "neighbors" gave the General an enthusiastic and roaring welcome in Lincoln Square shortly before 11:30 o'clock. Ringing in an open car with Governor John S. Fine and Senator James H. Duff, the former NATO Commander waved his hat and beamed at crowds lining Carlisle St. and jamming Lincoln Square. Judge W. C. Sheely and Burgess William G. Weaver were presented to Governor Fine by Philip L. Roy, editor of The Gettysburg Times. Governor Fine then presented Sheely and Weaver to Eisenhower and Duff. Judge Sheely acted as master of ceremonies and started his introduction by saying "General Eisenhower, it is a great pleasure to welcome you back into our midst. The citizens of Gettysburg and Adams County are highly honored by your presence here today. I like to think back to the days of World War I when General Eisenhower was here after he was

UDON, Thailand (AP) — A plane carrying King Bhumibol of Thailand (Rama IX) and Queen Sirikit left on a 162-mile flight to Udon for a tour of U.S. and other Allied military camps in Thailand made an emergency landing Friday. But the royal couple refused to let the accident interrupt the tour.

The twin-engine C47 had been taken off at Nakorn Phanom on the 162-mile flight to Udon where the right engine began belching smoke. The plane quickly turned back and landed.

The engine trouble was diagnosed as a burst line that sprang

**YANKS NEAR COVETED CUP**

WIMBLEDON, England (AP)—The Wimbledon Cup was almost in the United States' grasp again today as the American women's tennis team went into the second day with a 3-0 lead over Britain.

One victory in the remaining four matches was all that was needed to give the Americans their 28th victory in the Cup series since it was started in 1923. Britain has won the trophy only six times.

Darlene Hard of Long Beach, Calif., who Friday returned to Wimbledon after two years and triumphed over Britain's Ann Haydon 6-3, 6-8, 6-4, was scheduled to open the second day's program against Christine Truman.

Miss Truman was trounced 6-4, 7-5 by Mrs. Karen Hantze Susman of Chula Vista, Calif.

Mrs. Margaret Osborne duPont of Joseph, Ore., the U.S. team captain, teamed with Margaret Varner of Wilmington, Del., to defeat Deirdre Calk and Elizabeth Starkie 6-2, 3-6, 6-2.

Other matches today: Miss Hard and Billie Jean Moffitt, Long Beach, Calif., vs. Miss Truman and Miss Haydon.

Pitching — Jim Grant, Indians, shut out New York with five singles in 3-0 victory as Cleveland climbed to within three percentage points of the American League leading Yankees.

Batting—Floyd Robinson, White Sox, got three hits, including winning two-run triple in bottom of ninth inning as Chicago ended five-game losing streak by edging Los Angeles Angels, 7-6.

The Denver Broncos will open the American Football League season with a home game against the San Diego Chargers on September 9.

## Eastern League

By THE ASSOCIATED PRESS  
With the Williamsport Grays way out in front and last year's champion Springfield way down in the cellar, the Class A Eastern League is in a rut.

Players, in fact, seem to be casting about for something besides baseball to live things up.

Exhibit A—Promising Charleston outfielder John McLane has abruptly quit the league to play golf.

Exhibit B—Springfield pitcher Jack Simmons is suffering a bone separation in his ankle and will be out for three weeks as a result of a player free-for-all.

And about that rut, Williamsport made it 11 straight Friday night beating Springfield 10-3, York clobbered Binghamton 12-0, and Elmira hung an 11-2 defeat on Charleston.

The Grays, who handed the Giants their 11th straight loss, battered three Springfield pitchers for eight hits, including a home run by Dick Edwards. Bob Gontkosky was the winner, Dick Slomkowski the loser.

Elmira tagged Indian hurlers for 14 hits, including triples by Andy Ethebarren and Dick Henderson. Dave Vineyard, the Pioneers' 21-year-old pitcher from Spencer, W.Va., fashioned his third win against four losses. Julius French lost his fourth in as many starts.

York's whitewash of Binghamton abruptly ended pitcher Paul Seitz' unbeaten record at three games. He had a one-hitter going until Bob Heffner lined one into his stomach in the third. Seitz was not hurt.

**Palmer and Rosburg are tied for open**

By DON WEISS  
Associated Press Sports Writer  
OAKMONT, Pa. (AP)—Arnold Palmer, by dusk today, may have barged through another heavy but outstanding day's job at the office.

Like winning the National Open golf championship for the second time in three years, earning as much as \$15,000, and nailing down the second part of his four-part season's goal—the grand slam of professional golf.

Palmer, the Masters champion, shares the lead in the 62nd edition of America's prestige tournament with paunchy, unorthodox Bob Rosburg going into the showdown 36 holes today. Each has a total of 139—fashioned when Palmer whittled the 6,894-yard, par 36-35—71 Oakmont Country Club course into size Friday with a 3-under-par 68 and Rosburg added a 2-under-par 69 to the 70 he had fired on Thursday.

**MAXWELL IS CLOSE**  
Close behind them are Billy Maxwell at 141, Jack Nicklaus, Gary Player of South Africa and young Bobby Nichols at 142 and defending champion Gene Littler and Miller Barber Jr. at 143.

By the time the 51 surviving players from the original field of 250 complete the stamina-testing double round, the Oakmont record of 283 may have been shattered. Ben Hogan set it when he won his last of four Open championships in 1953.

It took a 36-hole score of 150 or better to qualify for today's last two rounds based on the low 50 scorers and ties, Sam Snead, playing in his 22nd Open without a championship, barely made the cutoff—with a 74 for 150 on the nose.

Chief casualties were four former Open champions—Billy Casper, Tommy Bolt, Ed Furgel and Cary Middlecoff, the 1961 PGA champion and runner-up, Jerry Barber and Don January, plus former Masters and PGA champ Jackie Burke.

**TWO UNKNOWNNS VIE FOR TITLE**  
HOLYAKE, England (AP)—A California real estate man and a young Welshman who sells ladies' shoes and handbags shot it out today for the coveted British Amateur Golf Championship.

Both Richard Davies, 31, from Pasadena, Calif., and John Poval, 23, who had a brief fling as a professional before he was reinstated as an amateur three years ago, are golf unknowns.

They reached the finals while better known golfers fell by the wayside.

Davies knocked off England's David Palmer 2 and 1 and then won his semifinal match against England's Rodney Foster 3 and 2 Friday.

Poval gained his berth by upsetting Brian Chapman, a British Walker Cup star, 1-up in the semifinals after getting by Harry Kinlock 4 and 2.

## CARDS SPANK GIANTS 5-2; 10 OUT OF 11

By JIM HACKLEMAN

Associated Press Sports Writer  
Charlie James and the St. Louis Cardinals wrecked the faltering San Francisco Giants and southpaw Billy O'Dell Friday night 5-2, making it 10 victories in the last 11 games for St. Louis and 9 defeats in the last 11 starts for San Francisco.

James got the Cards off winging with a three-run homer in the first inning, later whacked a pair of singles, stole a base and scored another run. It gave the St. Louis outfielder 7 hits in 12 trips and 6 runs batted in against the Giant lefty this season.

Also in the National League, Houston's Jim Golden pitched a five-hit 2-0 shutout over the Los Angeles Dodgers, whose lead over the Giants remained at two games; Pittsburgh won its seventh straight, erupting for seven runs in the eighth and overcoming Milwaukee 9-8; Philadelphia mounted a 10-run barrage in the third inning and outscored Cincinnati 13-8, and Chicago trimmed New York 5-1 in the battle of tail-enders.

**FACES 31 MEN**  
Golden, the right-hander given up by the Dodgers to the Colts in last fall's expansion draft, checked his former club on five singles, did not allow a walk, and faced only 31 men.

Pittsburgh's storybook comeback against Milwaukee overcame a six-run deficit in a rally keyed by Roberto Clemente's grand slam homer and Dick Groat's clinching single. Held to three hits by Tony Cloninger going into the eighth, the Pirates bunched Clemente's big hit, six singles and two walks.

The Phillies' 10-run third against Cincinnati was the club's biggest one inning output since 1949. Fifteen Phils batted against Jim Maloney and Johnny Klippstein. In addition to Roy Sievers' grand slam and single, they were seven other hits, two walks and a Cincinnati error.

Pitcher Bob Anderson helped himself with a two-run triple as the Cubs gave themselves a two-game cushion over the Mets and snapped a four-game losing string. Billy Williams, the league's leading batter, knocked in two Cub runs and Ernie Banks socked his 16th homer.

**START PLANS FOR STANDS AT B-L FIELD**

A goal of \$1,000 has been set by the Big Little League for the erection of permanent stands and a fence at the field at the recreation park.

League officials met Friday evening at the Elks Home and decided to sell "buck-a-block" tickets at \$1 each to fans to raise the money.

Glenn L. Bream, president, appointed two committees in connection with the project: Building—Curt Eckert, chairman, Junie Wirt, Harold Dayhoff, "Chuck" McCann, Robert Leedy and Leo McDermitt; finance—Al Sterner, chairman, Terry Hise, Dr. George Wolfe and Don Bickel. Dayhoff and McCann were also named to secure a flag and rope for the flag pole at the field.

It was decided playoffs between the four top teams will open August 7 when the first and third-place teams meet. On August 8 the second and fourth-place teams clash with the winners of those games meeting for the playoff title on August 9.

The annual All-Star-Old Timers game has been set for August 10. Managers will meet Friday, August 3, to select the All-Star squad.

**EUGENE, Ore. (AP)—**A new meet record, a few surprises and the tying of two sprint marks in Friday's qualifying competition set the stage today for the crowning of champions in 16 NCAA track and field events.

Some 8,100 fans watched host Oregon take the lead in two events and challenge in five others in a bid to replace the University of Southern California as team champion.

The Ducks entered today's finals with 18 of an original 29 qualifying spots intact, while USC held on to 7 of 14.

One title was decided Friday when defending three-mile champion Pat Closshey of Houston ran the distance in 15:51.6 minutes. He finished well ahead of Southern Illinois' Brian Turner and Dale Story, NCAA cross-country champion, won from Oregon State. Closshey won in 13:47.7 last year.

## BULLFIGHTERS AGED 10 AND 11 IN RING SUNDAY

By FELIX GARCIA

Sports Editor, Laredo Times  
Written for The Associated Press  
NUEVO LAREDO, Mex. (AP)—A couple of youngsters from Monterrey, who should be trying out for Little League baseball instead of risking their young lives, will appear in the local bull ring Sunday to kill four bulls.

For Eliez Cavazos, 10, and Gilberto Sanchez, 11, there is only one ambition and one ultimate goal—to be Mexico's top bullfighter, the sooner the better.

The two young lads will tangle in the arena here Sunday in a mano-a-mano (where only two bullfighters see action and compete against each other) killing four young bulls which will weigh as much as six times as they do.

**CHILD RETINUE**  
They are the main characters in a child retinue of bullfighters. They have participated in 26 bullfights in the three years they've been active in the ring and have already killed nine bulls apiece.

Last Sunday they performed here before a huge crowd but didn't kill the bulls. The demand for an encore was so great that impresario Lauro Longoria has signed them up for another appearance.

**\$450 FOR EACH**  
Each gets 5,000 pesos (\$450) per appearance.

Eloy's father, who is a bull ring employee in one of the two major Monterrey arenas, has been the force behind the youths' quick rise in popularity.

They have appeared in bullrings in their native Monterrey, Saltillo, San Luis Potosi, Tlaxiaco, Tampico, Ciudad Victoria, Acapulco and Puebla.

## County Agent Tells How To Preserve Egg Quality

By FRANK ZETTEL  
Adams County Agent

Most eggs are top quality when laid, and from then on it is up to the poultryman to preserve the quality until marketed. Frequent gathering in containers which will permit animal heat to escape rapidly from the eggs is important. Poultrymen should wash the eggs immediately after gathering and move baskets to a cool, damp egg room at once. Set receptacles far enough apart to allow air circulation around them.

Egg quality breaks down quickly if animal heat is not removed promptly. Rapid air movement by fans reduces the cooling required by one-half when eggs were in baskets.

Precool egg cases and packing material in the cool, damp egg room before using them. After cooling pack eggs with small end down into cases.

**CARE PREVENTS BLOAT**

Now that cattle and sheep are moving onto lush pastures, farmers need to keep a special alert for signs of bloat and be ready to take prompt emergency measures against it. Bloat is caused by an accumulation of gases. It most frequently occurs among cattle and sheep pastured on alfalfa, clover, peas and other legumes. The prebloom stage appears to be more dangerous than the mature plants.

These five precautions should help to combat the bloat problem:

1. Supply cattle and sheep with plenty of rough, high-fiber hay before turning them into legume pastures. Never turn hungry animals into lush legume pastures; feed them first.
2. Keep dairy cattle and sheep off legume or young grass-legume pastures, if possible, until after morning dew has evaporated.
3. Inspect cattle and sheep on legume pasture at least three times a day during the peak of the bloat season.
4. Get some type of bloat remedy from the veterinarian and keep it for emergencies. This may help to stave off death temporarily, until the veterinarian can get there to administer proper treatment.

5. Time is a vital factor in saving animals affected by bloat, so every moment gained increases the chances of saving the animal.

**VACCINATE SWINE**

Last year less than 40 per cent of the pigs marketed in the United States were vaccinated against hog cholera. This low rate of vaccination is a cause for deep concern among regulatory agencies and the swine industry. A continued decline in vaccination could leave the industry without enough hog cholera serum to combat a serious nationwide outbreak should one occur.

Hog cholera has cost the American swine industry one billion dollars since 1941 or 45 cents per pig marketed in that period. Hog cholera has cost Canada one cent per pig marketed during the same period, because Canada has a good eradication program. The time is ripe for an American effort to eliminate cholera, and that effort should begin with increased hog cholera vaccination.

Available vaccines with serum are safe and effective for preventing cholera. They do not bring the disease to the farm as former vaccination did. There is no vaccination setback when the new vaccines are used. Hogs sick with cholera cannot be treated, so hog cholera vaccination is cheap insurance for a disease that could kill all the hogs if they're not protected.

**TRIPLETS ARE HOME; BEAT 1,500-1 ODDS**

By THE ASSOCIATED PRESS

The Chorney triplets are home in Brooklyn to begin the journey through life they won by beating 1,500-to-1 odds. If they need inspiration along the way, they can look to the Manning quadruplets of South Weymouth, Mass.

The Manning quads—John, Robert, Richard and Betty—will be 10 years old on Monday. They are healthy, hearty and—in the words of their mother—very individualistic.

The triplets, all girls, were born prematurely at a Brooklyn hospital May 6. Medical authorities dug up the odds, based on experiences with other triplets born pre-

maturely.

**GAINED WEIGHT**

First to enter the world was Cynthia Ann, who weighed 3 pounds, 7 ounces. Next came Charlotte Bernice, at 3-11, and then Christine Sheryl, weighing 3-12.

Eight hours after birth, they were transferred to the Long Island Jewish Hospital in Queens, which has a specially equipped "preemie" center.

Friday their parents, Anthony and Roberta Chorney, took them home—in the words of the hospital—normal, healthy and weighing more than five pounds each.

The Manning quads, whose father is in the contracting business, all weighed about three pounds at birth, but today they're like other normal youngsters approaching age 10.

The Mannings have six other children—three born before the quads—and the Chornies have three other youngsters.

A magnificent inland harbor and 193 miles of waterfront have made Seattle a great Pacific seaport.

DETROIT (AP)—Ford car assembling was at a standstill here Friday and expected to stop nationally today in a series of closures because of a parts shortage blamed on an Ohio strike.

Henry Ford II said in Dallas Thursday that nearly all Ford car manufacturing and assembly operations will be closed by Monday because of the strike at Ford's Walton Hills stamping plant at Cleveland.

A manufacturing plant, Ford's battery plant at Owosso, Mich., stopped operating Wednesday. Late Thursday, assembly plants at Wixom and Dearborn, Mich., and Kansas City, Mo., halted.

A spokesman for the firm here said that by the end of the workday today all 16 assembly plants for cars would be stopped. He said most manufacturing units will stay in operation for the immediate future.

Ford, in Dallas for a Lincoln-Mercury dealer meeting, said the shutdown will affect most of the firm's 150,000 employees. He said none of the five truck assembly plants will close.

The shooting occurred last Sunday, during the Whitson holiday, when two groups of East Germans managed to tunnel their way to freedom.

Because the shooting took place on the East side of the Communist wall, West Berlin police did not get details immediately.

His death brought the known number of deaths along the wall to 36.

Another 14-year-old East German boy was shot last month by East Germans as he swam a canal to the West. He escaped with seven bullet wounds. He still is in a West Berlin hospital.

Apparently incensed by the number of successful escapes, the Communist regime is strengthening the barricades around West Berlin.

Six concrete bunkers have been located at strategic points, and today they added a seventh—a covered firing position—facing the U.S. sector border opposite Zehlendorf.

At other places on the 100 miles of frontier they were digging ditches and putting up more barbed wire.

BERLIN (AP)—A 12-year-old boy trying to escape from East Germany was shot dead by Red border guards, West Berlin police reported Friday.

The shooting occurred last Sunday, during the Whitson holiday, when two groups of East Germans managed to tunnel their way to freedom.

## Camera News

BY IRVING DESFOR  
The Associated Press

June could be a busy month for photo fans.

It's a time to go over cameras and equipment for the strenuous summer and vacation season ahead.

It's a time to tidy up the negative files and picture albums of past shooting to clear the deck for the deluge to come.

And it's a time to warm up the shooting finger and the viewing eye for events such as Father's Day, June weddings and graduation activities.

When Father's great day arrives and Pop is in the center spotlight, it's time also for Mom to desert the kitchen and view the proceedings from behind the family camera. And while he's playing "King for a Day," it could be that Mom's pictures turn out better than anything he's done lately. Even if he calls it "beginner's luck," it's worth trying.

**LADIES' EVENT**

So for you ladies getting ready for the event, here are a couple of incidental tidbits which may come in handy.

If there is one almost universal camera setting likely to yield a picture on most normal shooting occasions, it is this: 1/50th of a second at f/11 with the camera focused at 10 feet.

Set any complicated or adjustable camera with these adjustments and you're ready to shoot with box-camera simplification. It will work fine when shooting outdoors in sunlight with such black-and-white films as Verichrome Pan, All Weather Pan and Plus-X. It will also produce satisfactory results with such color films as Anscochrome, Kodachrome and Kodachrome II.

And when you move indoors and add a flashbulb, the same setting will work at the normal camera-to-people distance—around eight feet.

**CHANGES**

Of course, for specific pictures, changes may be necessary for more accurate focusing, and more exact meter measurement may alter the exposure setting. But for an impromptu candid or a quick grab shot, you can't be far off if you leave the 1/50-f/11-10 foot combination on the camera at all times—and shoot without fussing at the next opportunity.

Are you baffled by the problem of when to use blue flashbulbs and when to fire clear bulbs? Here's a simple, straight answer from Don Mohler, General Electric expert:

"Use blue flashbulbs with daylight-type color film no matter where you shoot—indoors, outdoors, day or night. For anything else use clear flashbulbs."

Mr. Weiland spoke briefly on what the chapter can do for him in his capacity as vice president, and what he can do for chapter functions.

It is tentatively planned for President Paul F. Boller and Vice President Richard Selby to attend the Jaycees registration sessions on Sunday, June 24, in Carlisle. The feasibility of selling seat belts was discussed and opinions on this matter will be received. The chapter stag affair and serving of refreshments were in charge of Clyde Bucher, Wilmer Dutterer and Dean Selby. The Jaycees will meet again on Thursday, June 28, at Dutterer's.

# Ralph Edwards Will Offer New Summer TV Replacement, "Face To Face," June 24

In television, as in horse racing, a man's success is often based on the number of winners he brings in. With this comparison as a guide, one has to put video's Ralph Edwards in the same post position as Eddie Arcaro and Johnny Longden.

No one has been quite as successful as the slight, smiling native of Colorado who brought the Midas touch to radio and television — and never lost it. Edwards has been called the most successful man in television.

There seems little argument for this description on a dollar and cents basis since Edwards has

Although he has usually appeared as MC on the majority of his programs, Edwards will be strictly in the background on this presentation. The man the public will see will be veteran MC Warren Hull. Edwards will handle the role of executive producer and confine himself to the decision-making aspects of the show.

## SURE OF SUCCESS

Edwards outlined the format of "Face To Face" and came up with several "very personal" reasons why he thought it would be a success.

"In the first place," he said, "we are dealing with people —

— major and minor — there is always a warm, interesting aspect of it that does not always get told by other television outlets as well as the press and magazines."

## USE NEWS SUBJECTS

According to Edwards, "Face To Face" will contain three or four segments each week in which some person or persons — recently in the news — will be interviewed, possibly by experts in the particular field in which he or she excelled, but more often by the studio audience.

"For instance," said Edwards, "we had a story in the paper recently about two identical twin

Warren Hull is host on new Ralph Edwards production "Face to Face" debuting Sunday, June 24 (9:30-10 P.M., N.Y.T.), on CBS-TV as summer replacement for Jack Benny. The show will delve into the background of current human interest stories from newspapers and magazines, presenting the actual people involved.

been the mastermind behind such mass popular shows as "This Is Your Life," "Truth or Consequences," "It Could Be You," "About Faces," "Place the Face," "End of the Rainbow," "Funny-boners" and "The Ralph Edwards Daytime TV Show."

## JUST AS ENERGETIC

With most of the Edwards' productions in reruns or on the syndicated trail, it might appear that the former UCLA student was taking a breather from the medium. Appearances are too often deceiving — Edwards is back in television just as big and energetic as ever.

His latest TV venture — "Face To Face" — will debut over CBS on Sunday, June 24, 9:30-10 p.m. EDT, as summer replacement for "The Jack Benny Program."

and I've never known a show that concerned real, live, walking about people to be a failure if handled properly.

"I have been in radio and television since I was 15, believe it or not, and I discovered early in my career that people are genuinely interested — first in themselves and then in others. A human being has dedicated curiosity about other humans. Now some might call this being 'nosey,' but I call it by a nicer sounding name 'brotherly love.' And I believe it too."

The auburn-haired, 5-feet, 10-inch, TV wizard smiled, wrinkling his brown eyes, and continued: "Face to Face" is going to bring the human side of news events to those at home before their TV sets. It's going to show that in all events

girls who were supposed to have Extra Sensory Perception — the gift of knowing the unknown.

"We will bring the twins to our show and we will have one or two noted psychologists who will ask the girls certain questions to determine whether or not they really do have this remarkable gift or whether or not it is just a coincidence. After the doctors get through with the girls the audience will be allowed to ask them pertinent questions."

## SECRET OF SUCCESS

Edwards smiled and allowed that this was the secret of the success of most of his productions — audience participation. "People like to go and see a television show, sure," he said. "But they love to become a part of that show, to actually become happily in-

**PAUL HENNING**, writer and producer of "Beverly Hillbillies" coming to CBS-TV in the fall, tells of the Ozark Granny who had never been further than five miles from home. A relative decided to take her on a trip to a seashore resort in a neighboring city. On the beach Granny simply stood, mouth agape, and stared at the water before her. With kids splashing all around, drops of the salty water happened to pop into her mouth. Leaning over to taste it again, she exclaimed in amazement, "Why, this here water's got seasonin's in it!"

**LAWMAN'S** Peter Brown is doing the rounds of other shows. He's just been signed for an upcoming episode of "Hawaiian Eye."

**GARRY MOORE** and his tall sidekick, Durward Kirby, are observing their 12th year as a network team. They got together as a TV duo in June of 1950 when Garry, now starred with an Emmy-winning variety hour on CBS-TV Tuesday nights, began his well-remembered daytime series on the same chain. involved."

"Face To Face" will be produced by Axel Gruenberg and directed by Richard Gottlieb. Robert E. G. Harris, professor of journalism at UCLA, will serve as editor-in-chief with a staff of two assistants — who will provide the newsworthy guests for the program.

Explained Prof. Harris: "Every week my assistants and I will read every important magazine and major newspaper in the world, not just in the United States. We will look for people who have suddenly become interesting to their fellowman for some reason or another and we will gather, say, 10 of these stories. We will then have a meeting with Messrs. Edwards, Gruenberg and Gottlieb, and we will select the stories and people we believe are the most interesting. Then we will contact the people themselves."

## NOT COMPETING

Edwards stressed that in no way was his program competing with other communication media like television news commentary or regular journalists on papers and magazines.

"On the contrary — we think we are working with them," he explained. "You see, a newspaper or magazine has only so much limited space to cover a story. The majority of them do extremely well in this confine. But we sift through all that the writers have put on paper and come up with one salient feature we think should be developed. As I said, we are looking for something that we can tell the people and maybe make them feel a little bit better than they did before they watched our show."

in size in really something: Garry is 5' 7" and Durward is 6' 4".

**ORDINARILY**, the "liars" on "To Tell the Truth" are picked for their close physical and speech resemblance to the people they are impersonating. But sometimes the staff of the CBS Television Network series will run in persons who bear little or no similarity, physically or otherwise, to the particular truth-teller.

The case of checker champion Marion Tinsley (a man) is the prize example, says producer Willie Stein. A young woman and a 14-year-old boy were used as the "phony" contestants. How'd the panelists do?

They figured the man was too obvious and the girl too far-fetched. They voted for the boy.

**"THE GALLANT MEN,"** an exciting new dramatic series about men in war, focusing on the 36th Infantry Division during World War II, will be presented on the ABC Television Network Friday evenings at 7:30-8:30 p.m., beginning Sept. 28.

"The Gallant Men," previously announced for ABC-TV's fall schedule under the title of "Battle Zone," stars Robert McQueeney as war correspondent Conley Wright and William Reynolds in the role of Capt. Jim Benedict.

**THE AMERICAN** Broadcasting Company and the Bell and Howell Company, sponsor of the "Close-Up!" documentary series, were awarded an unprecedented double citation of merit for public service programming by the National Council of Churches.

**THE ABC TELEVISION** Network will schedule four children's programs in a two-hour block from 11 a.m. to 1 p.m. on Saturdays beginning this fall. The four programs will be "Make a Face," "Top Cat," "Bugs Bunny," and "The Magic Land of Allakazam."

**OZZIE AND HARRIET** Nelson, stars of ABC-TV's perennial family comedy series, "The Adventures of Ozzie and Harriet," will tour in summer stock this year for the first time as a team, co-starring in Leslie Stevens' comedy hit "Marriage-Go-Round." The pair, TV's most popular husband-wife team, will play top stock theaters in the Middle West for a month, opening at the Packard Music Hall, Warren, Ohio, on July 10.

**JERRY MATHERS** and Tony, stars of "Leave It to Beaver," took time out recently to participate in a Freedom Bond Drive rally held in Cleveland, Ohio, for the U. S. Treasury Dept.

**ARTHUR MILLER'S** short story, "It Takes A Thief," which deals with a burglary and the dishonest victim, has been adapted for "Alcoa Premiere," hosted and narrated by Fred Astaire.

## Plan 125 Mile High Test Shot

WASHINGTON (AP)—The United States plans to set off a nuclear burst at least 125 miles high—and probably much higher—over the Pacific Monday night.

The Atomic Energy Commission announced the date Thursday, saying the blast would be triggered in the Johnston Island area southwest of Hawaii.

The device will have the explosive force of about a million tons of TNT.

The test was scheduled for between 11 p.m. Monday and 2:30 a.m. Tuesday Hawaiian Standard Time—4 a.m. to 7:30 a.m. Eastern Standard Time.

## PLOT TO KILL DE GAULLE

VESOU, France (AP)—President Charles de Gaulle continued his hand-shaking tour of east-central France Friday under a reinforced security guard after discovery of another plot to assassinate him.

He seemed completely relaxed and unworried as he mingled with crowds gathered in each village along his route. He smiled broadly and moved through the crowds in the village streets, shaking outstretched hands.

Heavy security forces were everywhere. Gendarmes could even be seen in the fields and woods along which the presidential motorcade sped.

The Interior Ministry said Thursday night that six persons—four men and two women—had been arrested as part of a Secret Army Organization commando unit ordered to kill De Gaulle before the July 1 independence referendum in Algeria. It was the third such plot in the past nine months.

Some police officials said the plotters thought of using a booby-trapped dog—or perhaps several dogs—which would be guided by special whistles pitched too high for the human ear.

Another plan under consideration, according to the police, was to mine a railroad underpass through which the presidential party was scheduled to pass.

Some Paris papers treated the report of the plot with skepticism or reserve.

Lehigh will have co-captains in football next fall. They are Pat Clark of York, Pa., and Charles Gibson of Verona, Pa.

the College All-Star Football game will be presented over the ABC-TV Network. The game will be played Friday, Aug. 3, starting at 10 p.m. EDT.

HAILA STODDARD claims that she acquired a flair for dramatic entrances at birth. She was born prematurely at an emergency hospital in Great Falls, Mont., without proper facilities and survived only because of the skill of a Norwegian nurse, Haila Hahn. "Hency my name," she says. "That's the

least we could do." Miss Stoddard portrays Pauline Fuller on "The Secret Storm," Monday through Friday on CBS-TV.

PATSY GARRETT, actress cast as Maggie Quincy in "The Brighter Day" on CBS-TV, first made her mark with national audiences as a singing comedienne with Fred Waring's Pennsylvanians, with whom she was featured on radio and in national tours for six years.
